

Microbiology Tools for Research

BioVision is excited to offer numerous staining kits and reagents for pathology including the bacterial staining kits namely Acid-Fast bacteria staining kit, Fite's staining kit, Gram staining kit; Mucicarmine staining kit for staining mucins; Wright-Giemsa staining kit for differential staining of blood smears and many more staining kits and reagents. These special staining kits are intended for use in the histological visualization of organisms, cell types, structures in tissue sections, cell smears etc. They play a critical role in tissue or cell-based diagnosis or research. Additionally, BioVision offers many routine counterstains, kits and reagents including hematoxylin, eosin, modified silver staining etc..

Applications:

- Histological Applications
- For in vitro Diagnostic Use only

Key Features:

- Rapid procedure
- Many staining options to choose from
- Can be used on fixed paraffin embedded, formalin fixed, frozen tissue sections or cell smears

The simplest, yet sensitive staining kits in the market!

Staining Kits

Product Name	Cat. No.	Size
Acid Fast Bacteria Staining Kit	K1424	30 ml, 125 ml
Fite's staining Kit	K1425	125 ml
Geimsa staining Kit	K1426	30 ml, 50 ml
GMS staining Kit	K1427	125 ml
Gram staining Kit	K1428	30 ml, 125 ml
Modified Gram staining Kit	K1429	30 ml, 125 ml
Modified Southgate's Mucicarmine staining Kit	K1430	30 ml, 125 ml
Orcein staining Kit	K1432	30 ml, 125 ml
Papanicolaou staining Kit	K1440	30 ml, 500 ml
Periodic Acid Schiff Diastase staining Kit	K1433	30 ml, 250 ml
Pneumocystis staining Kit	K1434	30 ml, 125 ml
Southgate's Mucicarmine Solution	M1430	125 ml
Steiner staining Kit	K1435	125 ml
Twort's Counterstaining Kit	K1436	125 ml
Warthin-Starry staining Kit	K1437	125 ml
Wright-Giemsa Solution	M1438	500 ml, 1000 ml
Wright-Giemsa staining Kit	K1438	30 ml, 500 ml

PCR Detection Kits

Product Name	Cat. No.	Size
PCR-Campylobacter Detection Kit	K1453	96 Rxns
PCR-Legionella spp Detection Kit	K1450	96 Rxns
PCR-Legionella spp Plus Detection Kit	K1451	96 Rxns
PCR-Listeria monocytogenes Detection Kit	K1449	96 Rxns
PCR-Salmonella Detection Kit	K1447	96 Rxns
PCR-Salmonella-Listeria Detection Kit	K1448	96 Rxns
PCR-STEC Detection Kit	K1452	96 Rxns

Please visit www.BioVision.com to see the full range of Microbiology Staining Kits from BioVision & our Microbiology Staining Kits Flyer.
