

BioVision's Nucleic Acid Kits

BioVision is delighted to offer a wide range of easy, reliable, time saving, superior purity, ultra-high yield, and cost effective kits and reagents under the Nucleic Acid Kits category. This includes the Plasmid DNA Purification Kits, Genomic DNA Purification Kits, Magnetic Beads based DNA Purification Kits, Viral DNA/RNA Purification Kits, and RNA Purification Kits. The Plasmid DNA Purification Kits category includes Minipreps, Midipreps, Maxipreps, Megapreps and 96 Well Format Plate Kits as well as Endotoxin free Plasmid Kits to efficiently remove endotoxin during or post plasmid DNA purification. Additionally, BioVision's Genomic DNA Purification Kits are optimized for purifying total DNA including genomic, mitochondrial and virus DNA purification from a variety of tissues, biofluids, bacteria, yeast, plant samples etc. Furthermore, BioVision also offers DNA Cleanup Kits for concentrating or recovering DNA fragments from agarose gel, PCR, or other enzymatic reactions and Ligation Products for ligation reactions respectively.

Product Highlights:

- Easy, Reliable, Time Saving, High Yielding Plasmid Purification Kits with No Chaotropic Salts
- Plasmid Miniprep, Midipreps, Maxipreps, Megapreps and 96 Well Format Kits to choose from
- ToxOut™ Endofree Plasmid Kits to Purify Endotoxin Free Plasmid DNA
- Genomic DNA Purification Kits for Genomic, Mitochondrial and Virus DNA Purification from Various Sample Types and volume
- Magnetic Beads Based DNA Purification Kits from Various Sample Types and Volume
- Viral Nucleic Acid Extraction Kits for Efficient Purification of Viral DNA/RNA from Cell-free samples including Body Fluids and Virus-Infected Cell Supernatants
- Quick, Easy and Convenient RNA Kits for RNA Purification from Various samples
- DNA Cleanup Kits for Recovering & Concentrating DNA Fragments from Gel, PCR etc.
- Non-Radioactive, Sensitive Fluorescence-based dsDNA Quantitation Kits
- Ready-To-Use, Fast and Convenient Ligation Kits and Reagents

Product Name	Cat. No.	Size
DNA Clean Up Kits	K1362-K1372	Varies
DNA Clean Up Reagents	M1205-M1208	Varies
DNA Ligation Kits & Reagents	M1217-M1220; K902; 9101	Varies
DNA Quantitation Kits	K900-2000	2000 Assays
ToxOut™ Endofree Plasmid DNA Kits	K1326-K1336	Varies
Genomic DNA Purification Kits	K1380-K1399; K1406-K1407 K280; K309; K316	Varies
Magnetic Beads DNA Purification Kits	K1400; K1401-K1406 K1408-K1409	Varies
Plasmid DNA Purification Kits	K1312-K1325; K529	Varies
RNA Purification Kits	K1340-K1356	Varies
Viral Nucleic Acid Purification Kits	K1359-K1361	Varies

We are constantly adding new products in this field to provide a complete product portfolio for your research. Please visit our website, www.biovision.com for the most up-to-date details on all the products that we have in our catalog.
